Forecast for Tuesday 13 Aug 2024

Weather: Clear spells mainly in the east, cloudier in the west covering the highest summits first thing. Cloud soon increasing from the west to bring outbreaks of rain for a time through the morning, before clearing through the afternoon. By evening it should be mostly dry with sunny spells developing from the northwest.

Chance of cloud-free hill tops above 800m: 90% or more at first and later in the afternoon but reducing to 40% for a time through the morning.

Low Cloud and visibility: Isolated cloud covering summits above 500m increasing in extent in rain during the morning. Good visibility at first, reducing to moderate, perhaps briefly poor, in outbreaks of rain, then improving good to very good later.
